

Integrator Dot Pin Marking System

INTELLIGENT MARKING SOLUTIONS

Integrator Dot Pin Marking System

Highly configurable, fully programmable dot making machine for use in all industrial environments
The highest build quality and technical functionality are required for the most demanding applications.

Technology

The our Making System is the integrator Dot pin product in the our range. Fully programmable, highly configurable is able to cope with any industrial dot marking application by virtue of its robust modular construction & cast integration with any type of automation. The software ensures the system is easy to use. The modular construction ensures it is available 50x50 & 100X100 marking window.

- SingleMarkingSystemforall Requirements
- Quiet, Fast, Efficient Marking
- Integrated
- WideRangeofOptions
- 2DDat aMatrixCodeMarking

Highly configurable

Easy to Use

Flexible Marking Area

Two Level Password protection

Can Mark on Irregular Surfaces

Single Marking System for all Requirements

High Flexibility suits most marking application from A single programmable system. Two different marking windows are available as standard options : 100mm x 100mm and 50mm x 50mm to ensure the Head is matched to the exact marking requirements.

Quiet, Fast, Efficient Marking

Requiring compressed air supply and powered by a Standard 240 vold (110 volt available) electric source.

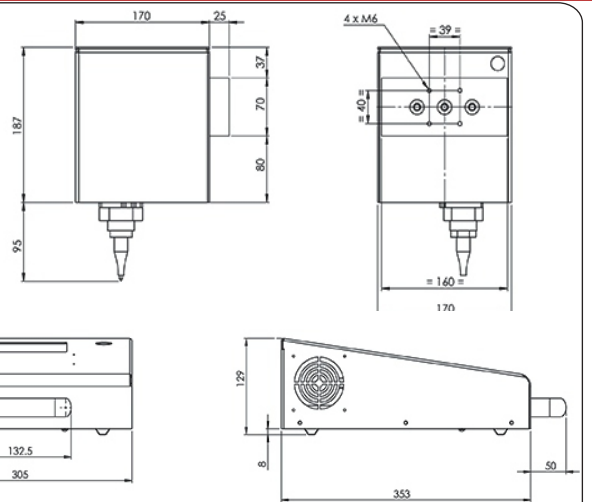

Customised Solutions

We have extensive mechanical and software design resources dedicated to the provision of customer specified marking solutions designed to order. Smartmark will manage the entire project from product election and trialing through to installation, commissioning and training.

Technical Specifications

- Weight Marking Head = 12kg, Controller = 10kg
- Electrical Supply : 240v 50Hz. 110v 60Hz
- Marking Area : 100mmx100mm (optional - 50mmx50mm)
- Memory Capacity : Up to 1350 Inscription Layouts.
- Stylus : 4mmx70mm
- Controller : Embedded LCD Type
- Keyboard : USB
- X, Y Axis Control : Stepper motor driven
- Start/Stop Box : Twin Button on manual
- Marking Formate : Dot matrix 5 x7, 7 x9, Varidot, 2D Data Matrix code
